

KS2

Rustle up a Bird Feast

You might not envy their diet of insects, nuts and seeds, but I'm sure you can sympathise with a rumbling tummy!. Yes, birds can get very peckish too, so why not help by setting up your very own "all you can eat" snack bar?

Get Whittling

Find a good, thick stick and whittle a magic wand or walking stick. Follow our top tips and become a whittling wizard! Try making different shapes from your sticks. Are some sticks easier to whittle than others? Can you think of any other techniques you could use to whittle your sticks?

Changing Colours

Find out why leaves turn red and gold in Autumn. Nature really puts on a show during Autumn and brightly coloured leaves are its crowning glory. Find out why and how leaves change from green to gold.

Learn the names of the other coloured leaf pigments. Discover how the weather affects leaf colour.
